Dear Sirs:

It is a pleasure to provide this letter of reference.

Most recently, we have successfully worked with your firm on the new Templemead Elementary School.

In all cases, your firm provided exceptional contracting services in a timely and professional manner. Your site management team of Mr. John Wark and Mr. Bob Wallace set a high standard from start to finish. The project is a pleasure to view and the response from the community has been gratifying.

We would not hesitate to recommend your firm to any educational institution.

Your truly,

Dev Tyagi, P. Eng.
Controller of Plant Services

Yours truly,

John van Troost, GSC
Project Supervisor
