Over the past twelve years, GS Wark has completed several projects with our firm.

We have had a positive relationship with the project management team at GS Wark and would highly recommend working with them.

Craig Hambly has provided expert assistance during the design and pre tender phases of projects along with helpful cost savings suggestions post tender and pre contract. Our working relationship with GS Wark has been excellent. GS Wark anticipates potential problems and assists in the expeditious resolution of same.

Whether high rise or low rise we have found them to be conscientious and involved.

GS Wark is currently construction two local condominium projects for our firm - one on Mountain Blvd (11 stories) and one at Caroline and Napier (6 stories).

Please feel free to contact me with any questions.

Yours Truly,

Lorne Haverty
B.Arch., OAA MRAIC
