G.S. Wark Ltd.

LETTER OF REFERENCE

To Whom It May Concern:

This Letter of Reference will indicate our complete satisfaction for contracting services provided by G. S. Wark Ltd. on the recent completion of the \$7.6 million Templemead Elementary School project for the Hamilton Wentworth District School Board.

Site superintendent John Wark and Project Manager Bob Wallace were co-operative and well organized in both the management and administration of the construction. G. S. Wark demonstrated excellent communication skills and worked well with Architect, Consultants and Owner representative to complete the project on schedule.

G. S. Wark Ltd. was fair when expediting Change Orders and prompt in completing minor deficiencies including the immediate response required for any warranty item after Owner takeover.

We would be pleased to recommend G. S. Wark Ltd. General Contractors for any future projects.

Yours very truly,

SVEDAS KOYANAGI ARCHITECTS INC.
