ATTENTION: Mr. Geo. Wark

SUBJECT: Chedoke Hospital - Wilcox Building

Dear Sir:

Your company has recently completed the contract for the first stage of the Rehabilitation Program in the Wilcox Building at Chedoke Hospital in Hamilton.

This \$2.5 million contract involved construction work above occupied Floors, and included periodic interruption of hospital services. Your company was called upon to cooperate closely with Hospital Administration and Staff to allow the Hospital to deliver medical services with minimum disturbance.

G.S. Wark performed the Contract work carefully, and liaised with staff positively and expeditiously. We would have no hesitation in recommending G.S. Wark be considered for similar work.

Yours truly,

John Bradley, M.A.A.T.O.
